Objective

To obtain a Full Stack Web Developer position where I can utilize my skills in React.js, Next.js, Laravel, and REST APIs to contribute to web application development, improve system functionality, and gain further professional experience in a practical development environment. I am also willing to learn and adapt to any other required tools, technologies, or skills as needed

Education

Bachelor of Science in Information Technology (BSIT)

University of Sargodha | 2021 – 2025

- Achieved CGPA: 3.24

Intermediate in Computer Science (ICS – Physics)

The Reader College, Sargodha | 2019 – 2021

- Achieved 83.73%

Matriculation (Biology Group)

Govt. High School, Lakseen | 2017 – 2019

- Achieved 80.27%

Projects & Technical Experience (2 Years)

Junior Full Stack Developer | Oct 2024 – Present

ERP System (Enterprise Resource Planning Application)

- Developed a full-stack ERP system using **Next.js** and **Laravel**
- Implemented modern and responsive UI using **ShadCN UI**
- Built and contributed to multiple modules including:
 - HRMS (Human Resource Management System)
 - PMS (Project Management System)
 - CMS (Client Management System)
 - EMS (Employee Management System)

- FMS (Financial Management System)
- Focused on modular architecture, scalability, and maintainable code structure
- Handled frontend-backend integration, authentication, authorization, and API development
- Collaborated on feature development, bug fixing, and performance optimization

Client Portal

- Developed a client-facing portal integrated with the ERP System through REST APIs
- Built the frontend using **Laravel Blade**, **Tailwind CSS**, and **Alpine.js**
- Implemented project management, issue tracking, notifications, authentication, and user profile features
- Consumed and integrated ERP APIs to display real-time project and client data
- Developed responsive and user-friendly interfaces with reusable UI components
- Worked on role-based access control, form validations, and seamless user experience

EMM-Comptoir (Mineral Trading Management System)

- Developed and maintained a modular web application using **Laravel**
- Worked on modules for delivery management, inventory tracking, mineral classification, and laboratory analysis
- Built features for sample tracking, purity analysis, and inventory workflows
- Contributed to a custom modular architecture with dynamic routes, views, and migrations
- Developed responsive interfaces using **Blade**, **Tailwind CSS**, and **JavaScript**
- Focused on scalability, maintainability, and business process automation

Modern eCommerce Store

- Developed a modern eCommerce web application using **Next.js** and **Laravel**
- Designed interactive user interfaces using **ShadCN UI**, **Three.js**, and **Framer Motion**
- Implemented product listings, product details, animations, and responsive layouts
- Focused on performance optimization, user experience (UX), and visual design
- Built reusable frontend components and maintained a scalable project structure
- Integrated APIs and managed dynamic data rendering across the application

Skills

Technical Skills:

- HTML, CSS, JavaScript(ES6+), PHP
- React.js / Next.js
- Laravel
- Tailwind CSS, ShadCN UI
- Framer Motion, Three.js
- Debugging & Testing
- SQA (Software Quality Assurance – basic testing concepts)

- Responsive Web Design
- Documentation & Reporting
- MS Excel, Word, PowerPoint
- Structured Data Handling

TOOLS & PLATFORMS:

- Git / GitHub
- VS Code
- Postman
- Mockoon
- Figma

Soft Skills:

- Team Leadership & Communication
- Critical Thinking & Problem-Solving
- Adaptability & Learning Agility
- Time Management & Organisation

Leadership & Certifications

- **Vice President**, Department Welfare Society – University of Sargodha (2022 – 2025)
- **Member**, Department Welfare Society (2021 – 2022)
- **First Aid Training Certificate** – Govt. High School, Lakseen (2019)

Additional

- Languages: English, Urdu
- Available for immediate full-time Web Developer roles (remote/on-site)
- Open to night shifts and international time zones
- Strong interest in full-stack web development and modern UI/UX design
- Quick learner with a passion for exploring new technologies and frameworks
- Comfortable working in team-based and fast-paced development environments
